

*Dal 1 settembre del 2014 è stato approvato per l'IPSSAR Paolo Borsellino il progetto triennale Erasmus plus: **One for all, all for Green** che vede oltre all'Italia la partecipazione di 6 altre scuole europee.*

ERASMUS+
2014 - 2020 programme for Education,
Training, Youth, and Sport

L'idea del progetto deriva dalla necessità di evidenziare come il ruolo positivo del turismo sull'economia dei paesi partner possa comportare anche un impatto negativo sull'ambiente. Da ciò scaturisce l'esigenza di lavorare in sinergia per trovare tutte le possibili soluzioni per intervenire nella **salvaguardia degli ambienti naturali**, patrimonio dell'umanità.

L'obiettivo principale è quindi fornire agli studenti e agli insegnanti una **comprensione più profonda di turismo responsabile** attraverso l'ampliamento delle conoscenze non solo in campo scientifico ma anche su temi legati alla cultura, alla storia, alle tradizioni, al turismo, alla gastronomia, alla lingua inglese nonché al settore delle nuove tecnologie. Tutto ciò sarà utile a favorire sia l'integrazione che la cooperazione tra studenti che provengono da diversi background culturali. Ogni team scolastico, a tal fine, svolgerà inoltre nella propria scuola consegne comuni  che presenterà durante gli incontri di progetto.

**Alberghiero Borsellino in Erasmus plus****Turismo responsabile in Turchia**

●●● Si è svolta la prima mobilità relativa al programma Erasmus plus. Il progetto «One for all, all for green» verte sulla conoscenza e la valorizzazione delle aree verdi di alcuni Paesi quali l'Italia, l'Ungheria, la Turchia, il Portogallo, la Spagna, la Grecia e la Scozia e mira allo sviluppo di un turismo responsabile ed ecosostenibile. Alcuni alunni delle seconde classi dell'Ipssar Paolo Borsellino, accompagnati da due docenti, si sono recati a Istanbul dove hanno incontrato gli studenti provenienti dagli altri paesi. Il team, costituito da 12 insegnanti e 29 alunni (nella foto), ha alternato ad incontri di socializzazione, attività di studio. I ragazzi hanno redatto un programma di attività da svolgere in un'area verde, in Ungheria, della durata di una settimana e hanno scelto, attraverso una votazione, tra tutti i logo relativi al progetto, quello più rappresentativo. La prossima mobilità si svolgerà in Portogallo, nel mese di maggio.

Qui, nell'Almada, si trova la Escolas Romeu Correia e qui si è svolto, dal 9 al 15 maggio, il 3° Transnational meeting che ha concluso le attività del III anno
